General Information

WHAT IS AN EXTENSION REQUEST?

Projects approved for funding by FHLBank’s board of directors are required to start within 12 months of the effective date of the AHP Agreement. If a project is unable to start within that timeframe, FHLBank may, at its sole discretion grant an extension to project start of a period of six months. FHLBank will review the submitted Extension Request to determine if the project is making reasonable progress toward obtaining funding or toward completion of the project. Refer to Exhibit B: Project Eligibility, Feasibility and Competitive Program Progress Milestone Guidelines, Project Extension Milestones in the AHP IP for milestones that FHLBank will consider when reviewing an Extension Request.

FYI

Requests for extension of project start must be submitted through AHP Online.

SEMI-ANNUAL PROGRESS REPORT (SAPR) REQUEST

Unless the Extension Request is submitted during a current SAPR request period, FHLBank will generate a SAPR request through AHP Online upon receipt of the Extension Request. For further information on completing a SAPR, see “Affordable Housing Program User Guide – Semi-annual Reporting” on FHLBank’s web site.

The email notification of HCD’s request for a SAPR will include the date by which the SAPR must be certified and submitted by the Sponsor. FHLBank’s review of the Extension Request will not be completed until the project sponsor has submitted the requested SAPR.

It is important to complete the SAPR in a timely manner. Once a SAPR has been requested, the project will be unable to do the following until the SAPR has been certified and submitted by the sponsor and approved by HCD:

- Submit pending disbursement requests
- Create a new disbursement request

HELPFUL HINTS

- ✓ Users must be associated with a project as a contact to request an extension.
- ✓ To navigate through the application, use the “<Previous” and “>Next” options at the bottom of the page. To avoid potential errors or loss of data, do not use the “Back” arrow at the top of your screen next to the browser bar.
- ✓ AHP Online will automatically log users off after 20 minutes of inactivity. Any non-input action, such as moving from screen to screen or saving a screen, are included in the definition of “inactivity.”
- ✓ To clear the information entered on a page and start over, use the “Undo” feature.
- ✓ For optimal performance in AHP Online, FHLBank recommends using the most recent version of Internet Explorer.
- ✓ After an application is approved, consultants no longer have access through their company's login information. If a Sponsor wants a consultant to have access to AHP Online for a project, the Sponsor will need to approve the consultant as an authorized user for the Sponsor's account. The consultant will need to use a different username login for this account.
- ✓ Refer to The AHP website to obtain any documents required to request an extension.
- ✓ Always select “Save” before selecting “Next” to continue to the next page. **AHP Online does not retain unsaved data.**
